

**NC WATER TREATMENT FACILITY OPERATORS CERTIFICATION BOARD
ANNUAL FINANCIAL REPORT FOR PERIOD ENDING JUNE 30, 2013**

Introduction

In 1969, G.S. 90A, Article 2 established the NC Water Treatment Facility Operators Certification Board in an effort to protect the public health and conserve and protect the water resources of the State. The Board was tasked to protect the public investment in water treatment facilities and to classify the public water treatment facilities. To accomplish this, the Board was to require examination of water treatment facility operators and to certify their competency to supervise the operation of the water treatment facilities as well as establish the procedure for such classification and certification.

The Board consists of eight members appointed by the Governor. One member is currently employed as a water treatment facility operator; one is a manager of a NC municipality using a surface water supply; one is a manager of a NC municipality using a treated groundwater supply; one is employed as a director of utilizes, water superintendent or equivalent position with a NC municipality; one is employed by a private water utility or private industry and responsible for the operation or supervision of a water supply and treatment facility; one is a faculty member of a four-year college or university whose major field is related to water supply; one is employed by the Department of Environment and Natural Resources and working in the field of water supply; and one member who is not certified or regulated who shall represent the interest of the public at large.
